

Here at Wamesit Lanes we put the health and safety of people first. We have spent the last several days and weeks learning about the coronavirus (COVID-19) and how it is impacting our world. For us at Wamesit Lanes, that means understanding how it affects our employees, customers and communities, and then making the necessary adjustments to our operations.

While the risk of contracting the virus remains low, Wamesit is taking significant precautionary measures to minimize risk for everyone in our community. In addition to our daily cleaning procedures we are making it mandatory for:

- All Staff to sanitize their hands every 20 Minutes
- All food handlers to wear gloves (Servers, Food Runners, Etc.)
- All entrances to be supplied with hand sanitizers
- Bowling balls, arcade games, table tops, door handles, chairs, etc. to be sanitized numerous times throughout the day
- Any staff that appears to be ill to be sent home
- Sanitizing stations to be increased from 10 to 18

We are closely following the [Centers for Disease Control's \(CDC\)](#) guidelines and recommendations on the steps we can take to help prevent the spread of the virus Per CDC recommendations.

Wamesit Lanes is staying open and will run as usual. We are in touch with the [Massachusetts Department of Public Health](#) and are closely monitoring the situation. If anything changes, we will be sure to alert you immediately.

If you have any questions, please contact us at 978.349.0000 or info@wamesitlanes.com

Most sincerely,
Wamesit Lanes Management
